Lifelong Friends

## Letter from Alisa

Dear Friends,

Thank you for your compassion for the animals at the Kentucky Humane Society! The support of our adopters, volunteers, donors and business partners means so much.

I am thrilled to introduce you to one of our remarkable partners and friend, Chuck Patton, the "PURRpriotor" of Purrfect Day Café (PDC). The café celebrated its five-year anniversary on August 8 – International Cat Day – and has surpassed 8,300 adoptions. PDC has also donated more than \$76,000 to KHS to support our lifesaving programs.

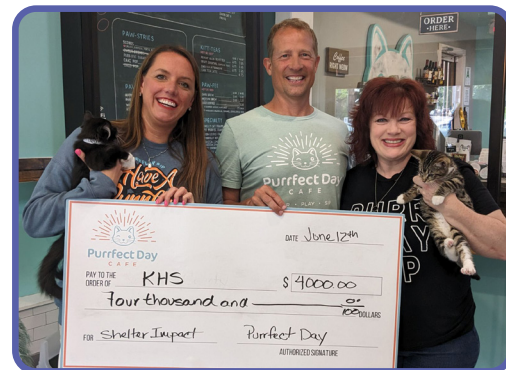

When Chuck first approached KHS about his idea to open a cat café, we had no idea how successful the partnership would be. Thousands of guests enjoy cat purrs and kitten cuddles, coffee and cocktails, sweets and special events – and many go home with kitty companions.

Today, cats make up over 60% of all KHS adoptions, and more people are experiencing the joys of having feline family members. Thanks to this lifesaving partnership, KHS has the space to take in thousands of cats and kittens from Jefferson County and overcrowded animal shelters across Kentucky, spay or neuter them and prepare them for loving homes.

Each of us can make a difference for companion animals. Whether you choose to adopt, volunteer or donate, your contribution plays a pivotal role in saving lives.

Thank you for your unwavering support,

Alisa Gray  
President & CEO

P.S. I encourage you to visit Purrfect Day Café if you have not already. The dedicated and knowledgeable staff won't disappoint. And, what is better than kitty cuddles?

## Fancy's Second Chance

Looking at Fancy now, it's hard to believe this loving, healthy kitten arrived at KHS fighting for her life. Fancy's body was viciously torn by a vehicle's fan belt. She suffered facial lacerations, a hole in her frontal sinus, and the toes from her back left paw were torn off. We weren't sure if this tiny kitten would survive. But with time, TLC and cheers from her fans on Facebook, Fancy healed. Fancy went into a foster home, and that's where she met her adopter, Abby, who also spent months recovering from injuries caused by a terrible accident. Both were smitten, and Abby and Fancy are now inseparable. 🌸

## Everything Beagle's Recovery

Everything Beagle came to KHS badly injured from an altercation with another dog. This poor elderly Beagle had deep gashes on his back and sides that had become infected before he arrived at KHS. Our veterinary team stitched up the exhausted pup's wounds and flushed and redressed his injuries every few days. Everything Beagle spent time recovering in a foster home. After a few weeks, he returned and earned a clean bill of health. A big thanks to everyone who cheered him on and donated in his honor. We couldn't do what we do without you! 🌸

## Norma Jeane's Bright Future

Norma Jeane was a starving, feral horse rescued from the mountains of Eastern Kentucky along with her mother, Una, and their herd mates. You might remember Una, who adopted the foal Little Orphan Andy. When Norma Jeane arrived at our Willow Hope Farm, she was lethargic and hung her head in defeat. After weeks of consistent food and internal parasite management, Norma is now a bright young lady with a great future with her adopter. We want to thank everyone who helped catch, care for, donated to, and shared the plight of Norma Jeane's herd. This is why we work hard to help horses in need of rescue and horses in transition. 🐾

## Thank You!

Our lifesaving work is only possible because of compassionate animal lovers like you. KHS is a private non-profit, and we count on donations from our loyal supporters. Thank you for caring! Give now at [kyhumane.org/donate](https://kyhumane.org/donate).
